Company Profile

Our company is a high-tech enterprise dedicated to smart robot cleaners. Located in Shenzhen.

Our factory covers an area of approximate 200,00 square meters and currently employs around 300 staff. Our annual production capacity exceeds 1 million units.

We possess professional capabilities, including algorithm, APP development, structure, hardware , safety regulation, and patent teams. We also have an independent laboratory.

We provide ODM services for top global brand clients.

Core board component
burning

Mold injection molding

Fan pump detection

Product Design

air pump detection

Laboratory

Core Advantages

Independent R & D - Algorithm

Our software algorithm team consists of more than 20 members, all of whom have over 10 years of industry software development experience. We are specialized in customizing software solutions for customers and can quickly and efficiently meet the customization needs.

No patent risk in the world

All of our products are our original designs, which have been patented more than 50 times, and we have clear ownership of the goods without infringing the patent rights of third parties.

APP Compatible TUYA - Cloud access

The team members are all highly educated talents with rich experience, and can develop and dock APP based on TUYA, Aliyun, Amazon, Alexa etc., as well as third-party servers. We can meet the personalized and customized needs of customers from different countries and different brands.

No quality and safety risk

We have passed ISO9001, ISO14001-2015, GBT/T29490-2013, BSCI, AEO and other advanced system certifications. We have developed and produced for many giant brands in the industry, and our products have been exported to more than 50 countries, so we are familiar with the safety requirements and rules of each country.

Robot vacuum cleaner

N series- Robot vacuum cleaner

Model No.:	N18-C
Rated Power(W) :	35W
Suction Power :	3000Pa(5000/8500/20000Pa optional)
Battery Capacity :	2600mAh(3200/4500mAh optional)
Navigation Category :	360°LDS Laser navigation
Dust Box & Water Tank Capacity :	220ml/300ml
Network :	2.4 GHz Wi-Fi,5 GHz,Bluetooth
Size :	328*325*100mm
Charging dock Size :	128*126*86mm

Super suction power
reaching up to 20kPa

Silicone brush or Rolling brush
All-round cleaning without tangles

3D Obstacle Avoidance

Ultrasonic carpet detection
(optional)

Partition management

Robot with Auto empty base

Model No.:	N18-ADC
Power:	480W
Max Suction:	18.5K Pa
Noise Level:	≤80dBA
Dust Bag capacity:	3L
Visualized and detachable air duct:	Yes
Size:	266*172*216mm

3L Base

Up to 12 weeks of independence.

A9 series- LDS laser robot

Model No.:	A9-C
Rated Power(W) :	35W
Suction Power :	3000Pa(5000/6000/8500/11000Pa optional)
Battery Capacity :	2600mAh(3200/5200mAh optional)
Navigation Category :	360° LDS laser navigation
Dust Box & Water Tank Capacity :	220ml/300ml
Network :	2.4 GHz Wi-Fi,Bluetooth
Size :	325*325*98mm

Robot with Auto empty base

Model No.:	A9-ADC
Power :	1000W
Max Suction :	28K Pa
Noise Level :	≤80dBA
Dust Bag capacity :	5L
Dust Bag in-position Detection :	Yes
Dust Bag Replacement Remind :	Yes
Size:	320*210.5*263mm

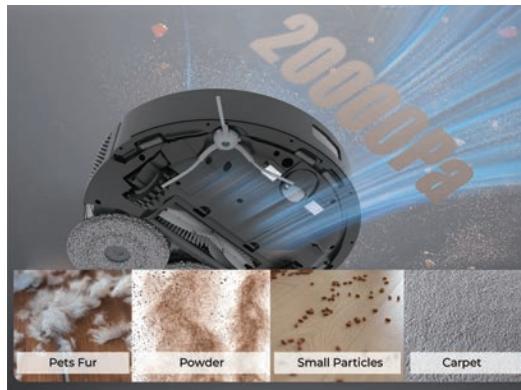

L series- Lifting mop robot with charging dock

Model No.:	L28-C
Rated Power(W) :	35W
Suction Power :	3000Pa(5000/8500/20000Pa optional)
Battery Capacity :	2600mAh(3200/4500mAh optional)
Navigation Category :	360°LDS Laser navigation
Dust Box & Water Tank Capacity :	220ml/300ml
Network :	2.4 GHz Wi-Fi,5 GHz,Bluetooth
Size :	325*325*98mm
Charging dock Size :	128*126*86mm

Robot vacuum cleaner

Super suction power
reaching up to 20kPa

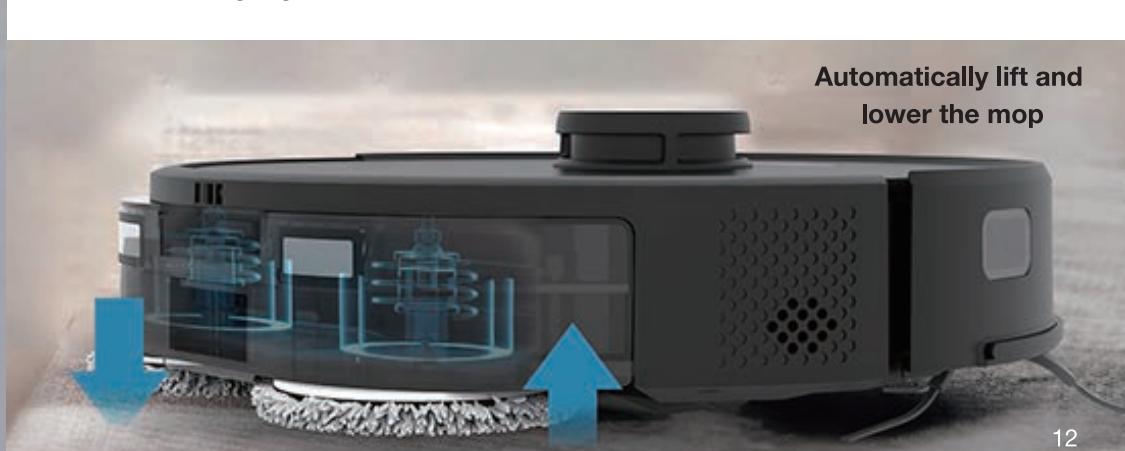

Line laser(optional)

Silicone brush or Rolling brush
Anti-tangling roller brush

AI Instant recognition(optional)

Automatically lift and
lower the mop

Lifting mop robot with Auto empty base

Model No.:	L28-ADC
Power:	480W
Max Suction:	18.5K Pa
Noise Level:	≤80dBA
Dust Bag capacity:	3L
Visualized and detachable air duct:	Yes
Size:	266*172*216mm

Automatically lift and lower the mop

X series- Robot vacuum cleaner with all-in-one station

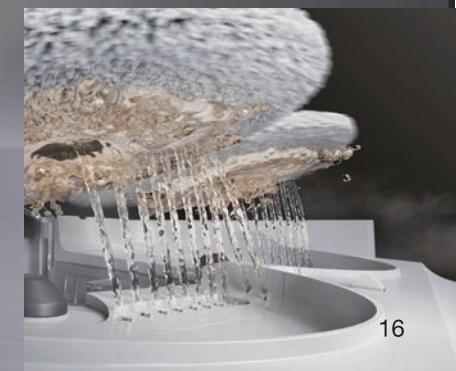

Station specs

Model No.:	X3
Power:	680W
Max Suction:	19K Pa
Noise Level:	≤80dBA
Dust Bag capacity:	2.5L
Clean Water Tank Capacity:	2.3L
Dity water Tank Capacity:	2.3L
Size:	330*452*300mm

Robot vacuum cleaner with all-in-one station

Cold air/cold water
Hot air optional

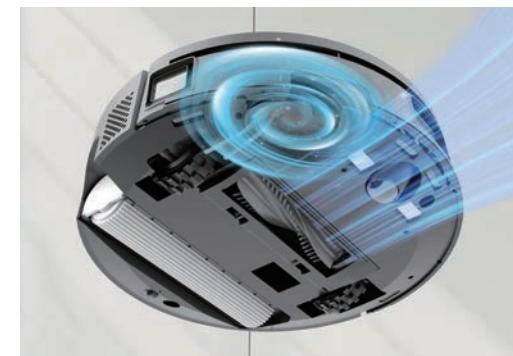

D series-Roller instant self-washing mopping

Model No.:	D92
Rated Power(W) :	65W
Suction Power :	3000Pa(5000/8500/20000Pa optional)
Battery Capacity :	2600mAh(3200/4500mAh optional)
Navigation Category :	D-TOF
Dust Box & Water Tank Capacity :	220ml/300ml
Network :	2.4 GHz Wi-Fi,5 GHz,Bluetooth
Size :	325*325*70mm

Zero Tangling and AI Objects Recognition

Anti-tangling Edge brush
and roller brush

AI Instant recognition

Roller instant self-washing
mopping

4cm

40mm obstacle crossing

Roller instant self-washing mopping Lifting

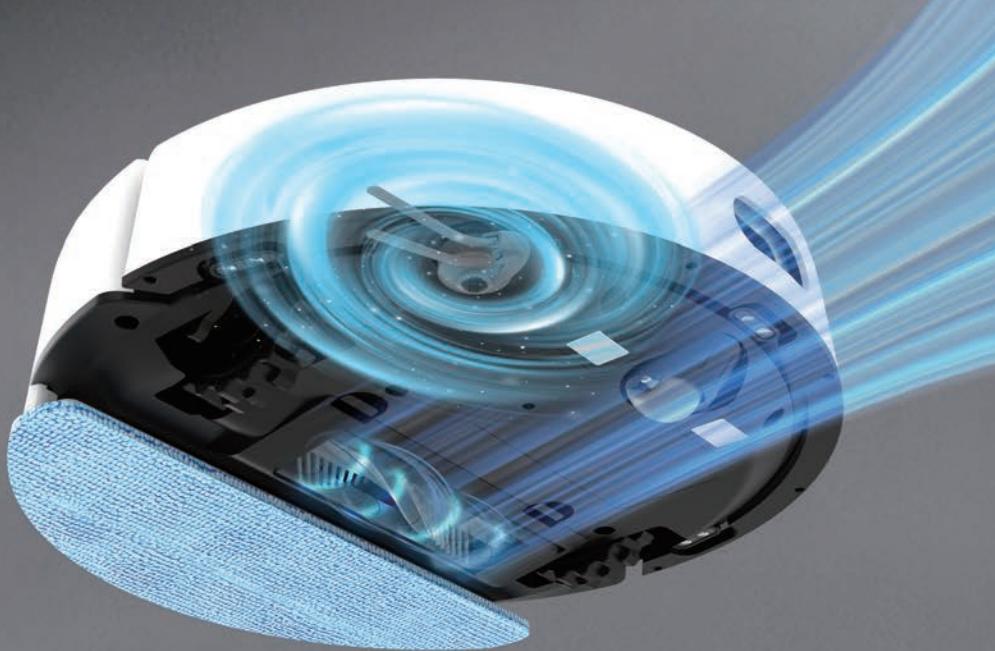

A7 series - Small size

Rated Power(W) :	35W
Suction Power :	1200Pa(4500Pa optional)
Battery Capacity :	1800mAh(2600mAh optional)
Navigation Category :	360° LDS laser navigation
Dust Box & Water Tank Capacity :	300ml/200ml
Network :	2.4 GHz Wi-Fi,Bluetooth
Size :	300*300*98mm

Anti-tangling

Side brush & Roller brush

ADC with detachable air duct for pet families

Model No.:	C8-R
Power:	480W
Max Suction:	18.5K Pa
Noise Level:	≤80dBA
Dust Bag capacity:	3L
Visualized and detachable air duct:	Yes
Size:	266*172*224mm

Crafted design for pet families

Disassembly steps

Pinch the ventilation channel plug with both hands and pull it out

Pull out the ventilation duct plug in the direction of the arrow

Clean Piping

Pour the garbage from the pipeline into the trash can

Let it air dry naturally in a sunny place
